ACT/037/015

Dear Dean:

As you know the Division issued tentative approval to this mine on February 9, 1979. We are awaiting surety to be posted for reclamation here in the amount of \$24,792. This surety estimate was outlined in Mr. Thompson's letter to you of February 5, 1979.

A question has been raised by John Blake of the Utah Division of State Lands. That Division has no record of Energy Fuels being in possession of a mineral lease on Section 2, Township 37 South, Range 16 East. As you will recall, Mr. Dave Markley of Energy Fuels Nuclear verified to Mr. Jim Smith of the Division by telephone on May 17, 1978 that this operation would be located on sections 2, 10, & 11 of Township 37 South, Range 16 East.

Before final approval can be issued, this ownership question should be clarified and of course, the previously-mentioned surety should be posted.

Sincerely,

RONALD W. DANIELS

LAND DEVELOPMENT
